Alternate Bike Routes

Alternate to H Street*

- G Street from 2nd to 15th is one way headed west. It is parallel to H Street.
- I Street from 2nd to 13th is one way headed east. It is parallel to H Street.

4th Street has a designated bike lane and is one way headed south.

6th Street has a designated bike lane and is one way headed north.

**Note: DDOT plans to add contraflow bike lanes to G and I Streets to allow for two-way bicycle travel.*

Alternate to Benning Road

- Gales Street from 15th to 23rd is one way headed east. It is parallel to Benning Road.

Oklahoma Avenue shares its north and south lanes with bikes.

Bike Parking

U-racks for locking bikes are located on both north and south sides of H Street and at intersecting streets between 2nd and 14th Streets.

- **Capital Bike Share locations near DC Streetcar stops:**
  - 3rd and H Street NE
  - 6th and H Street NE
  - 11th and H Street NE
  - 13th and H Street NE
  - Bladensburg and Benning Road NE

Streetcar Safety Tips

The streetcar tracks on H Street and Benning Road are already a challenge for bicyclists. Follow our safety tips to help prevent accidents:

- Before you ride, decide which streets to take to your destination. Especially during rush hour, consider taking a different route, even if it is less direct.
- Cross tracks at a right angle to avoid falling or tire damage, or walk your bike across.
- When boarding the streetcar, wait for passengers to clear the doorway before moving your bike onto the streetcar.
