

Public Meeting

NOTICE: Community Comments Sought for the Anacostia Streetcar Extension Environmental Assessment and Section 106 Evaluation

Please join representatives from the District Department of Transportation (DDOT) for an informative update on the Anacostia Streetcar Extension Environmental Assessment (EA) and Section 106 Evaluation.

Over the past year DDOT has refined the alternatives under examination and conducted detailed technical studies on traffic impacts, noise and vibration effects, and cultural and historic resources. At this meeting, the agency will share study findings and will provide a final completion schedule.

Your involvement and feedback is essential to helping DDOT and other partnering entities plan, build and operate the best streetcar system possible. We look forward to seeing you!

**Tuesday
July 16, 2013**

6:30 pm – 8:00 pm

Savoy Elementary School
2400 Shannon Pl. SE
Washington, DC 20020
